THE CLEARFIELD PROGRESS

THE WEATHER
Snow tonight and Sunday. Colder Sunday.

VOLUME XII

CLEARFIELD, PENNSYLVANIA SATURDAY EVENING, JANUARY, 26, 1918

NUMBER 182

MYSTERIOUS FIRE AT MANY PLACES

Seven quartermaster ware houses and municipal wharfs at Newark were partially destroyed.

The submarine plant was also menaced. The damage is unestimated.

The Westinghouse Electric Company's plant at Buffalo burned.

Fire also damaged the Cella Mills & G. W. Smith company at Buffalo.

HALF MILLION LOSS BY FIRES OF VERY MYSTERIOUS ORIGIN

New York, Jan. 26.—Twenty-three men were detained by secret service men at Port Newark today on the suspicion of being implicated in starting the fire which burned municipal docks, quartermaster ware houses and submarine boat plants. The damage was estimated at \$500,000 at noon today. The damage is lighter than had been expected.

Store Houses Were Empty

Seven quartermaster ware houses and municipal wharfs at Newark, N. J., were partially destroyed by fire today. The store houses were empty. New York fire boats checked the flames. Twenty-five secret service men were rushed to the scene to round up suspicious persons. Early this morning oil barges burned at the wharfs. Two men were arrested and sent to the District Attorney's office for examination. The Submarine Corporation's plant was menaced by the fire. Shots fired by the soldiers to keep back the crowd led to the rumor that the troops and German agents were fighting.

British Liner Afire

An Atlantic Port, Jan. 26.—Fire broke out early today in the hold of a large British liner. The fire was confined to the hold where oil was stored. Rumors of a spy plot were circulated. The fire was under control shortly after it started.

Wilson Was Warned

Washington, Jan. 26.—A mysterious letter to President Wilson warning of a nation wide plot to destroy docks, government ware houses, and ship building plants is being used in connection with the investigation into the fires which occurred this morning. The letter said the plotters would start their campaign January 22. It was read at a cabinet meeting January 15, and later home guards were ordered mobilized to guard vital plants. The fires at Newark, Buffalo and Baltimore which destroyed hundreds of thousands of dollars worth of property led officials to suspect that it was the beginning of the campaign spoken of in the letter.

Pittsburgh Threatened

Pittsburgh, Jan. 26.—Anonymous threats to terrorize employees of the Pittsburgh Railway Company and

CAME FROM TEXAS TO CLAIM HIS BRIDE

Another war wedding was consummated yesterday afternoon when Mr. Margaret Smith of Allport, daughter of Mrs. G. L. Baumgardner, became the bride of James I. Merrell, formerly of Clearfield but now an enlisted man in the service of Uncle Sammy with the 9th Engineers Mounted, stationed at Camp Couchesne, N. M.

The young folks had plighted their troth shortly before the opening of the war but had decided to wait the outcome. Little Dan Cupid outmaneuvered Mars, the God of War, which was fittingly celebrated at the Presbyterian Manse with the little love-god had delivered his captives into the presence of Rev. E. C. Reeve and they were made one.

The young soldier groom will rejoice his command in a few days and his bride will make her home with her parents until the war is over.

BOMB AND BAYONETS WILL BE ONLY REPLY TO HERTLING'S STATEMENT

FOUR LOCAL YOUNG MEN ENLISTED HERE

A United States recruiting officer was at Exemption Board headquarters yesterday for the purpose of examining persons over or under the draft age with a view to accepting them for service with Pershing in France.

There were eight applicants and of this number four succeeded in passing and were accepted for service. They are:

Don Getty
Raymond Wallace
Lewis C. Meise
William Walters

The others were over forty years of age and were temporarily rejected on that account. Secretary Bain has asked permission of the war department to raise the age limit above forty and is awaiting an answer and expects the permission to be extended.

The four men accepted above will be called next week for service. They will be employed behind the lines as truck drivers, machinists, etc.

PATRIOTIC SERVICE AT PRESBYTERIAN CHURCH

Patriotic services at the Presbyterian Church both morning and evening tomorrow. In the spirit of this Patriotic Week both services will be of a patriotic nature. The Sabbath school will be addressed by patriotic speakers. Dr. Reeve will preach in the morning on the theme "Getting on the Lord's side." In the evening he will read extracts from a number of letters he has received from many of the 55 boys from the congregation in the service. Hear what our boys are thinking, saying and doing. Learn what we can do to win the war, as their views are shown in their letters. The names of the writers will not be given, but we wish to catch their inspiration. Mrs. Reeve will sing the wonderful French national anthem, "The Marseillaise." Everyone invited to all these services.

TREASURER OF STATE FEDERATION OF WOMAN'S CLUBS TO SPEAK AT LOCAL WOMAN'S CLUB

At the evening meeting of the Woman's Club Tuesday, the twentieth, at the home of Mrs. Warren Partridge, Mrs. Sara Christy, Treasurer of the State Federation of Woman's Clubs will address the members. The subject for the evening is "The Flemish School of Painting." Mrs. George Reed will be the leader. All members are urged to be present as this meeting will be of unusual interest.

BUSY BEES BUSY

The members of the Busy Bee Sewing Circle and a few invited friends held a "bus'ness" last evening at the home of Mrs. William Goss on West Third street. Mrs. M. B. Taylor of Albion, daughter of Mrs. Goss was guest of honor. Miss Maude Phillips and Miss Velma Annoverman entertained the ladies with some fine music both instrumental and vocal. The remainder of the evening was spent in knitting, until a late hour when an excellent lunch was served.

threats to blow the Philadelphia Company Buildings, a Fifth Avenue Department store and other large structures in the heart of the city gave considerable concern to officials to lay Renditions of police and guards were placed in the downtown districts. The belief among police and guards is that it was a plot to take men away from coaching munitions plants. In order to prevent a possible panic the news-owners of Pittsburgh were asked not to publish the information until Monday. Before the order was given, however, at least two newspapers had published brief bulletins. Employees of the buildings were given a

Washington, Jan. 26.—Diplomats and army men were certain today that bayonets and bombs must be the reply of the United States and her allies to Germany's statement of war aims.

While it was formally expected that a joint restatement of allied war aims will soon be made through Premier Clemenceau of France as spokesman, a renewed offensive will begin on the Western front to force consideration of the German military aims.

Conut Czernin's address was taken lightly. All potential possibilities were carefully weighed but if Austria wants peace it is Austria's place to ask for it. This was Washington's view.

Serbian Commissioner Tzonnitz said that if it were necessary we should make a restatement of war aims and coordinate our efforts for a definite victory. "Talk of peace is only the act of our enemies."

Germany's statement it is declared smacks too much of strong dictatorship by the militarists to merit any consideration as a step toward peace. Germany hopes that her announcement will serve to retard war preparations and Germany's contention relative to Alsace Lorraine was considered little short of frivolous. While 90 per cent. of the people speak the German language the fact remains that just that many people desire to cast off the yoke of Germany.

UNDER THE CAMOUFLAGE Intimate War Experiences and Observations of LOWELL MELLETT

London, Nov. 22.—Talked with Maj. Gen. Maurice, Director of Military Operations. He was so full of the satisfactory Cambrai push that he was likely to burst. But he didn't and the interview did not develop a lot that is new. However, one doesn't chalk that up against the General, for he seldom disappoints without good reason.

Interviewing Gen. Maurice is somewhat like attending a class room lecture, with the same privilege of asking questions at the end. You couldn't exactly call him a good fellow; he never forgets he's a general in the Army, but he is direct and to the point and fuller of information than the new India paper edition of the Ensign. But.

Got a little extra excitement out of the Byng pass on my own account. Sunday night on an Underground train I met two tired but contented Tommies just arrived home on leave.

In return for a much they volunteered the information that the biggest show of all was due in a couple of days. Told where it would take place, what a lot of tanks were lined up for the plume, the cavalry preparations and various other details borne out by Haig's bulletins of yesterday and today.

Usually the tales the Tommies tell you are more interesting than accurate. This was an amazing exception.

There's a Defense of the Ruhr regulation against Tommies—telling all they know. Fortunately this happy pair borrowed their march from a friend who didn't believe them, instead of from one of the thinning band of German spies that still infest London.

Shaplen left for Petrograd tonight to join the United Press bureau there. There is something rather fine about this young Russo-Philadelphian's pilgrimage home to do what he can to help Russia save herself. His idea is that nothing will help his native country so much as America understanding of what she is doing and trying to do—the goal and the bad of the gigantic internal struggle. He seems to hope for the best with a pessimist for the worst behavior. The worst cannot last forever.

Last week one wondered why there is no real co-ordination. After a while it came to me. One can't make a horse believe that he is a horse. One can't make a man believe that he is a man. One can't make a soldier believe that he is a soldier. One can't make a patriot believe that he is a patriot. One can't make a hero believe that he is a hero. One can't make a saint believe that he is a saint. One can't make a god believe that he is a god. One can't make a devil believe that he is a devil. One can't make a demon believe that he is a demon. One can't make a monster believe that he is a monster. One can't make a beast believe that he is a beast. One can't make a bird believe that he is a bird. One can't make a fish believe that he is a fish. One can't make a reptile believe that he is a reptile. One can't make an insect believe that he is an insect. One can't make a plant believe that he is a plant. One can't make a mineral believe that he is a mineral. One can't make a spirit believe that he is a spirit. One can't make a soul believe that he is a soul. One can't make a body believe that he is a body. One can't make a mind believe that he is a mind. One can't make a heart believe that he is a heart. One can't make a liver believe that he is a liver. One can't make a stomach believe that he is a stomach. One can't make a lung believe that he is a lung. One can't make a kidney believe that he is a kidney. One can't make a bladder believe that he is a bladder. One can't make a rectum believe that he is a rectum. One can't make a vagina believe that he is a vagina. One can't make a penis believe that he is a penis. One can't make a testis believe that he is a testis. One can't make a prostate believe that he is a prostate. One can't make a urethra believe that he is a urethra. One can't make a vas deferens believe that he is a vas deferens. One can't make a epididymis believe that he is an epididymis. One can't make a scrotum believe that he is a scrotum. One can't make a perineum believe that he is a perineum. One can't make a anus believe that he is an anus. One can't make a rectum believe that he is a rectum. One can't make a sigmoid colon believe that he is a sigmoid colon. One can't make a cecum believe that he is a cecum. One can't make a appendix believe that he is an appendix. One can't make a ileum believe that he is an ileum. One can't make a caecum believe that he is a caecum. One can't make a jejunum believe that he is a jejunum. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. One can't make a pancreas believe that he is a pancreas. One can't make a gallbladder believe that he is a gallbladder. One can't make a biliary duct believe that he is a biliary duct. One can't make a stomach believe that he is a stomach. One can't make a duodenum believe that he is a duodenum. Reading—Jennie Hartschmidt
Song—School
Recitation—William Snyder
Debate: Resolved that the submarine is more effective than the airplane. Affirmative—George Wigley, Helen Clark. Negative—Helen Benson, Byron McDowell.

Relief from Eczema

Don't worry about eczema or other skin trouble. You can have a clear, healthy skin by using a little Zeno, obtained at any drug store for 35c, or extra large bottle at \$1.00.
Zeno generally relieves pimples, black heads, blotches, eczema and ringworms and makes the skin clear and healthy. Zeno is a clear, penetrating, antiseptic liquid, neither oily nor greasy and stains nothing. It is easily applied and cost a mere trifle for a complete cure. It is always successful.

THE W. F. CO., Clearfield, Pa.

Next to Leitzinger Bros.

Piano Solo—Lara Passarelli
Dialogue—Jennie Riddle, Perdetto Arany.
Recitation—Mary Shirk
Song—Lillian Taylor, Jane Cochran
Piano Solo—Lorene Martin
Echo—Coria Wolf
Critics report—Mr. Santos
Song—School

Deputy Revenue Collector David I. K. will be in Curwensville Monday, Tuesday and Wednesday of next week for the purpose of interviewing and giving information to income tax payers in this section.

GRAMPIAN

Mr. and Mrs. James Pontefract of Reynoldsburg, are visiting Mr. and Mrs. Wm. Dickey.

A birthday party was held for Don Spencer, at being his 17th birthday. All report a good time.

M. F. and was held at M. S. Harvey Wardsworth's Wednesday.

Misses Neva and Myrtle Spencer and their teacher Rebecca Dale, spent Thursday night with Eric Wiggins worth.

Alva Spencer spent Wednesday at Mr. J. I. Cleaver's.

Ed Freeman, who is stationed at Camp Lee, Va., was home on furlough Sunday. He returned to camp Tuesday.

Evangelistic services now in progress in M. F. Church, on account of inclement weather small attendance yet, but good spirit and interest shown, hope for better attendance soon.

Warner Chelgren, bookkeeper for Harrison & Walker Refractories Co. at St. Onach is on the sick list.

Prof. H. A. Dickey of Curwensville was in town Thursday.

After Inventory Sale

BEGINNING SATURDAY, JANUARY
26TH ENDING FEBRUARY 1ST, 1918

Taking inventory of stock like the proverbial "Ill Wind" generally blows some one some good. In this case the some good to you means that the bottom notch of low prices on good merchandise is reached.

Saturday Morning Hundreds of Pairs of Shoes Will be on Sale Way Below
The Present Market Price

It is no new story to tell you that shoes have doubled in price during the past twelve months. These shoes on sale were bought before the advance—the reductions are from the original price—which makes a very low price on good quality shoes.

After Inventory Sale of Suits

Coats, suits, separate skirts, dress goods, trimmings, lace, embroideries—in fact this final price cutting has made enumeration impracticable as there would be so many items unmentioned that would be our best bargains. In each of the different departments odd lines—slow sellers or lines to be discontinued are in this final mark-down in prices.

Visit This Store

To miss this sale will be like robbing yourself. Economies are to be found on every side.

LEITZINGER BROS.

One lot men's shoes \$2.69

Women's \$1.00 to \$5.00 shoes. Gun metal, patent leather and tan—all from our regular stock. Reduced to \$2.98

CLEARFIELD, PENNSYLVANIA SATURDAY EVENING, JANUARY, 26, 1918

NUMBER 182

MYSTERIOUS FIRE AT MANY PLACES

Seven quartermaster ware houses and municipal wharfs at Newark were partially destroyed.

The submarine plant was also menaced. The damage is unestimated.

The Westinghouse Electric Company's plant at Buffalo burned.

Fire also damaged the Cella Mills & G. W. Smith company at Buffalo.

HALF MILLION LOSS BY FIRES OF VERY MYSTERIOUS ORIGIN

New York, Jan. 26.—Twenty-three men were detained by secret service men at Port Newark today on the suspicion of being implicated in starting the fire which burned municipal docks, quartermaster ware houses and submarine boat plants. The damage was estimated at \$500,000 at noon today. The damage is lighter than had been expected.

Store Houses Were Empty
Seven quartermaster ware houses and municipal wharfs at Newark, N. J., were partially destroyed by fire today. The store houses were empty. New York fire boats checked the flames. Twenty-five secret service men were rushed to the scene to round up suspicious persons. Early this morning oil barges burned at the wharfs. Two men were arrested and sent to the District Attorney's office for examination. The Submarine Corporation's plant was menaced by the fire. Shots fired by the soldiers to keep back the crowd lead to the rumor that the troops and German agents were fighting.

British Liner Afire
An Atlantic Port, Jan. 26.—Fire broke out early today in the hold of a large British liner. The fire was confined to the hold where oil was stored. Rumors of a spy plot were circulated. The fire was under control shortly after it started.

Wilson Was Warned
Washington, Jan. 26.—A mysterious letter to President Wilson warning of a nation wide plot to destroy docks, government ware houses, and ship building plants is being used in connection with the investigation into the fires which occurred this morning. The letter said the plotters would start their campaign January 22. It was read at a cabinet meeting January 15, and later home guards were ordered mobilized to guard vital plants. The fires at Newark, Buffalo and Baltimore which destroyed hundreds of thousands of dollars worth of property led officials to suspect that it was the beginning of the campaign spoken of in the letter.

Pittsburgh Threatened
Pittsburgh, Jan. 26.—Anonymous threats to terrorize employees of the Pittsburgh Railway Company and

CAME FROM TEXAS TO CLAIM HIS BRIDE

Another war wedding was consummated yesterday afternoon when Mr. Margaret Smith of Allport, daughter of Mrs. G. L. Baumgardner, became the bride of James I. Merrell, formerly of Clearfield but now an enlisted man in the service of Uncle Sammy with the 9th Engineers Mounted, stationed at Camp Couchesne, N. M.

The young folks had plighted their troth shortly before the opening of the war but had decided to wait the outcome. Little Dan Cupid outmaneuvered Mars, the God of War, however had won a decisive victory which was fittingly celebrated at the Presbyterian Manse with the little love-god had delivered his captives into the presence of Rev. E. C. Reeve and they were made one.

The young soldier groom will rejoice his command in a few days and his bride will make her home with her parents until the war is over.

BOMB AND BAYONETS WILL BE ONLY REPLY TO HERTLING'S STATEMENT

FOUR LOCAL YOUNG MEN ENLISTED HERE

A United States recruiting officer was at Exemption Board headquarters yesterday for the purpose of examining persons over or under the draft age with a view to accepting them for service with Pershing in France.

There were eight applicants and of this number four succeeded in passing and were accepted for service. They are:

Don Getty
Raymond Wallace
Lewis C. Meise
William Walters

The others were over forty years of age and were temporarily rejected on that account. Secretary Bain has asked permission of the war department to raise the age limit above forty and is awaiting an answer and expects the permission to be extended.

The four men accepted above will be called next week for service. They will be employed behind the lines as truck drivers, machinists, etc.

PATRIOTIC SERVICE AT PRESBYTERIAN CHURCH

Patriotic services at the Presbyterian Church both morning and evening tomorrow. In the spirit of this Patriotic Week both services will be of a patriotic nature. The Sabbath school will be addressed by patriotic speakers. Dr. Reeve will preach in the morning on the theme "Getting on the Lord's side." In the evening he will read extracts from a number of letters he has received from many of the 55 boys from the congregation in the service. Hear what our boys are thinking, saying and doing. Learn what we can do to win the war, as their views are shown in their letters. The names of the writers will not be given, but we wish to catch their inspiration. Mrs. Reeve will sing the wonderful French national anthem, The Marseillaise. Everyone invited to all these services.

TREASURER OF STATE FEDERATION OF WOMAN'S CLUBS TO SPEAK AT LOCAL WOMAN'S CLUB

At the evening meeting of the Woman's Club Tuesday, the twentieth, at the home of Mrs. Warren Partridge, Mrs. Sara Christy, Treasurer of the State Federation of Woman's Clubs will address the members. The subject for the evening is "The Flemish School of Painting." Mrs. George Reed will be the leader. All members are urged to be present as this meeting will be of unusual interest.

BUSY BEES BUSY

The members of the Busy Bee Sewing Circle and a few invited friends held a "bus'ness" last evening at the home of Mrs. William Goss on West Third street. Mrs. M. B. Taylor of Albion, daughter of Mrs. Goss was guest of honor. Miss Maude Phillips and Miss Velma Anoverman entertained the ladies with some fine music both instrumental and vocal. The remainder of the evening was spent in knitting, until a late hour when an excellent lunch was served.

threats to blow the Philadelphia Company Buildings, a Fifth Avenue Department store and other large structures in the heart of the city gave considerable concern to officials to lay Renditions of police and guards were placed in the downtown districts. The belief among police and guards is that it was a plot to take men away from coaching munitions plants. In order to prevent a possible panic the news-owners of Pittsburgh were asked not to publish the information until Monday. Before the order was given, however, at least two newspapers had printed brief bulletins. Employees of several of the buildings were given a day off on Tuesday.

Washington, Jan. 26.—Diplomats and army men were certain today that bayonets and bombs must be the reply of the United States and her allies to Germany's statement of war aims.

While it was formally expected that a joint restatement of allied war aims will soon be made through Premier Clemenceau of France as spokesman, a renewed offensive will begin on the Western front to force consideration of the German military aims.

Conut Czernin's address was taken lightly. All potential possibilities were carefully weighed but if Austria wants peace it is Austria's place to ask for it. This was Washington's view.

Serbian Commissioner Tzonnitz said that if it were necessary we should make a restatement of war aims and coordinate our efforts for a definite victory. "Talk of peace is only the act of our enemies."

Germany's statement it is declared smacks too much of strong dictatorship by the militarists to merit any consideration as a step toward peace. Germany hopes that her announcement will serve to retard war preparations and Germany's contention relative to Alsace Lorraine was considered little short of frivolous. While 90 per cent. of the people speak the German language the fact remains that just that many people desire to cast off the yoke of Germany.

GORKY WOUNDED

By Jos. Shaplen

Petrograd, Jan. 26.—Maxim Gorky, famous novelist, was slightly wounded by a stray shot today. Gorky's friends did not say exactly where the Russian writer was at the time he was shot.

The Eastern baseball league has decided to get into the running again for the coming season. A while back it was feared that the old circuit had gone on the rocks.

Word drifted out of Maine the other day that George LaBlance, the old-time fighter known as "the Marine," has been seriously hurt while chopping wood in the Maine forests.

UNDER THE CAMOUFLAGE

Intimate War Experiences and Observations of LOWELL MELLETT

(United Press Staff Correspondent)

London, Nov. 22.—Talked with Maj. Gen. Maurice, Director of Military Operations. He was so full of the satisfactory Cambrai push that he was likely to burst. But he didn't and the interview did not develop a lot that is new. However, one doesn't chalk that up against the General, for he seldom disappoints without good reason.

Interviewing Gen. Maurice is somewhat like attending a class room lecture, with the same privilege of asking questions at the end. You couldn't exactly call him a good fellow; he never forgets he's a general in the Army, but he is direct and to the point and fuller of information than the new India paper edition of the Enyclo. Brit.

Got a little extra excitement out of the Byng pass on my own account. Sunday night on an Underground train I met two tired but contented Tommies just arrived home on leave. In return for a much they volunteered the information that the biggest show of all was due in a couple of days. Told where it would take place, what a lot of tanks were lined up for the plume, the cavalry preparations and various other details borne out by Haig's bulletins of yesterday and today.

Usually the tales the Tommies tell you are more interesting than accurate. This was an amazing exception.

There's a Defense of the Ruhr regulation against Tommies—telling all they know. Fortunately this happy pair borrowed their march from a friend who didn't believe them, instead of from one of the thinning band of German spies that still infest London.

Shaplen left for Petrograd tonight to join the United Press bureau there. There is something rather fine about this young Russo-Philadelphian's pilgrimage home to do what he can to help Russia save herself. His idea is that nothing will help his native country so much as America understanding of what she is doing and trying to do—the goal and the bad of the gigantic internal struggle. He seems to hope for the best with a pessimist for the worst behavior. The worst cannot last forever.

Last week one wondered why there is no real co-ordination. After a while it came out. One man's pocket diary has been how to co-ordinate the efforts of the various nations. He is a simple fellow, but he is a simple fellow, and he is a simple fellow.

Next week one is going to Paris to watch it co-ordinate.

English Channel, Nov. 24.—Don't you know a fellow who has a house? If you find a smiling gentleman who has a house, he is a fellow who has a house.

Just me another old man, a man who has a house, a man who has a house, a man who has a house.

Just me another old man, a man who has a house, a man who has a house, a man who has a house.

Just me another old man, a man who has a house, a man who has a house, a man who has a house.

Just me another old man, a man who has a house, a man who has a house, a man who has a house.

Just me another old man, a man who has a house, a man who has a house, a man who has a house.

SMILEAGE—WHAT IT IS AND WHAT IT MEANS TO THE SOLDIER BOYS

By Harry P. Harrison
Chairman of the Executive Committee
Military Entertainment Service

The Military Entertainment Council is a special commission appointed by the Secretary of War as a branch of the war department commission on training camp activities.

Its work is to provide programs of entertainment for the off hours of the men in uniform of the United States now in National Guard camps and National Army cantonments on this side of the Atlantic. For the present the work does not reach to the smaller army camps or to any of the navy camps.

For the entertainment under its direction the Council will use the new Liberty theaters built by the government, the large auditoriums of the Y. M. C. A., and—where the weather permits—the tents which have been provided by the Chautauqua Managers.

An army recruited by draft includes the best young men of the nation. The off hours of these young men are the loneliest hours of their camp life. If these hours are to be pleasantly and healthfully filled there must be provided, not only places to write and read, but performances of the grade to which the men are accustomed at home and opportunities for them to develop and exhibit their skill.

What Soldiers Will See
Accordingly the Council will present at the camp theatres—

Broadway companies in the best theatrical successes of the season. The best musical and vaudeville programs obtainable. Lectures, entertainers and concert companies of the highest excellence. Amateur performances by the men themselves.

Ordinarily the cost of booking such attractions would be prohibitive. But the performers and managers of the United States have met the council with such patriotic cooperation as to put these productions within the reach of every soldier in the United States. Operating expense has been reduced to bedrock.

As a result, the money cost of these performances will range from ten cents to twenty-five cents a seat. Yet many soldiers will not be able to attend many performances even at these prices. Thousands of them are sending home practically all their pay.

On the other hand, practically every soldier has those at home who strongly desire to contribute into his camp life something of wholesome and cheerful entertainment.

Use of Tickets

Therefore, this Council has originated a type of book of tickets that members of the soldiers' family and their friends may send to him at the front. They are to be called "Smileage Books" and will be made up of coupons, somewhat like the mileage books of the railroads.

In books of one size, 20 coupons will be sold for a dollar. In books of another size, 100 will be sold for five dollars. These coupons will be good payment for seats at any performance in any camp theater.

As gifts these Smileage Books will have rather a distinctive character. Each time the soldier tears a coupon from his book, he will renew his sense of attention from the sender. Every book will constitute a current of interest between the man at the front and the folks back home. Often, of course, one soldier will receive many books, and then he will do the thing which is characteristic of the American soldier throughout our history—he will share his abundance with his mates.

The result will be to change a dangerous period in the life of the soldier into a period of heartful relaxation and enjoyment.

The Need

Raymond B. Toth, chairman of the Training Camp Activities Committee, has illustrated the great new purpose of America to make our army life as comfortable as possible. It is a purpose which is being carried out by the army.

Under the general direction of the above committee on the training camp activities, being done by the Y. M. C. A., the Knights of Columbus, the Red Cross and the American Red Cross.

Y. M. C. A. has been doing a great deal of work in the camps.

ducted. There are frequent religious services.

Outside the camps, the entertainment of the soldier is being put upon a new foundation. It is being founded now on hospitality in the American home and not upon commercial gain, often corrupted with dissipation.

Need Shows
But the men in the camps have a particular craving which all this does not satisfy. They want to see "shows". In the evening they are tired; they want to laugh; and they want "regular" performances. If there are to be any amateur performances they want to be in them, not merely looking at them.

Auditoriums for such entertainment have been made available in reasonable number. The Government has built a "Liberty Theater" in each of sixteen National Army cantonments. In Southern camps, twenty-three Chautauqua tents have been set up.

The problem has been two-sided—to get programs for these auditoriums; and to get tickets into the hands of the soldiers at prices which will meet the operating expense.

The operating expense is borne by the tickets in the Smileage books, paid for by the families the employees, the company of friends, of the men back home.

The Military Entertainment Council is thus not a duplicate of any of these other agencies. It is, instead, an expansion of them, or a partnership with them.

What is Offered Soldiers
Four comedy companies are already assigned to this new field. They are Broadway organizations, presenting accepted Broadway successes—"Turn of the Mind," "Cheating Cheaters," "Here Comes the Bride," "Inside the Lines."

Other companies and many stars are volunteering to fit themselves into the plans of the Council, following the beautiful example of Miss Maude Adams and William Faversham, as soon as those two leading actors heard of the Smileage project.

Four vaudeville bills have been assembled by general manager E. F. Albee, of the Keith circuit. These routings will be arranged, of course, so as to prevent an unvaried succession in any camp of any one kind of entertainment.

Actors Among Troops

In the regiment are scores of professional actors and vaudeville performers. The men manifest special interest in seeing their own comrades on the stage. So there are to be regular amateur productions, between the professional offerings, that the men may have part in the enterprise and—of much more importance—that when they have gone to the front they may be able to provide suitable programs for themselves.

The Chautauqua managers are planning to present their best lectures, Rotary Clubs, business men, advertising men, automobile editors, theatrical writers, are all requested to boost Smileage so that every man in the army will receive at least one Smileage Book a month during 1918. Editorial men and news reporters are requested to secure feature Smileage stories and endorsements from prominent men and women.

BULLETS FOUND IN CAMP LEE BLANKS

Camp Lee, Va., Jan. 26.—Inspection of ammunition used by national army men was ordered today following the discovery of ball cartridges among blank cartridges. Two of the bullets were fired by soldiers during practice but they flew over the heads of nearby soldiers.

Several major league club owners favor Charlie Comiskey's plan to send the two pennant winning big league teams to France and England as soon as the war is over.

While it has been denied in one quarter that President Taft paid \$50,000 in cash for Sox, Bush and Hank of the Athletics, the Red Sox owner is emphatic in asserting that the figure was correct.

LICENSE COURT IS ENDED—ARGUMENTS HEARD MONDAY

(St. James Hotel Continued)

On cross examination said he had been acquainted with Rev. Borland for ten or twelve years. His home was in Indiana and before embarking in the detective business was a United Brethren preacher. He denied introducing Officer Brown to the boys in the restaurant.

William Hern was called but did not answer. William Frantz was called and corroborated Officer Brown's testimony as to having been introduced to the Jefferson county boys in the restaurant and as to condition of the man Arthur McCloskey gave similar testimony.

James Devine tried to get details Windsor and Keystone but could not get it either place.

Harry Patton, 18 years old last August, never was in Wayne but got a drink at the Windsor four months ago. Got it three or four times. Patron asked him his age and when he asked him since that time. Had got drunk at the Alpine House.

William Krach, of the Keystone Hotel, represented by Miller & Hartwick, said he had license there since 1894. Employed two bartenders aged 35 and 43. Bar receipts \$15,500.00; house \$6627; had prohibited list of 65 or 50 names; had no trouble in the house; does not sell bottles.

Richard Fox, aged 30, never got liquor at Keystone Hotel, and proved to be a very reluctant witness, claiming he did not know who he was with. Just met there on street and drank in alleys. Was refused beer at DuBois House, Windsor and Keystone. Found a case of beer in middle of Brady street one night and drank it at Whitman's livery. Also swiped some at the DuBois brewery while working there. Mr. Arnold finally worried him into telling the truth and he said he got beer at St. James a week ago. Went in with a man who was of age and drank beer ordered by the other fellow, also beer and whiskey at the Windsor, also drank at DuBois House. Never in any wholesale store in DuBois. First got drunk three or four years ago, not going to school at 14 and had been drunk several times past year.

Harry Devine said he told Rev. Borland he could get a bottle of whiskey after hours by paying 25 cents more than regular price. Said he told him that because he knew where there was one. He got \$2.50 for the bottle from Rev. Borland who gave him \$10 to get more, but did not get the whiskey and still had the ten. He worked Dr. Borland.

The DuBois hearings were continued Wednesday morning when license court opened. Geo. Sloppy, of the Logan House, was first applicant called. He runs the banner "Have funary" of the county. His total receipts were nearly \$70,000. All the hotel men profess a loss on the house part of their business, and graduate their bar profits down pretty fine, so fine that they look peculiar. Mr. Sloppy made a profit of \$4685 on \$20,000 bar business, while Manager Cottrell of the DuBois House cleared up \$10,000 on a business of \$24,470.

The testimony of Claude Hayes, the American Express employee who went with the bottles, did not contain the exposures expected and was rather disappointing in that regard.

George Sloppy, of the Logan House, represented by Miller & Hartwick, said his bar ran \$20,285.50; office \$30,572.25; loss in office of \$915.00; cleared \$4685 off bar. 49,275 meals, 12,720 lodger. Had no trouble of any kind. Bought Liberty Bonds, Red Cross, K. of C. Supplemental petition of \$0.

A. Nelson, of the Nelson House, represented by Miller & Hartwick, filed supplemental petition of 100 names. Had license 17 years. Bar receipts, \$26,105.90; house \$3,584.70. Two bartenders, aged 55 and 45. Had prohibited list of 67. Mr. Nelson had the only license in DuBois all of last March. His bar run over \$6500 that month. He bought \$6000 Liberty Loan Bonds, contributed to Y. M. C. A. and K. of C. funds and has two

Brighten the corner where you are and do not forget to brighten a corner in some soldier's camp when the time comes that you can buy a Smieage book for some son, brother or friend. Be sure to read the article on them today.

REGISTRATION OF ALIENS

The widest publicity should be given to the registration of every German alien in this city and surrounding territory. This measure is designed for the protection of well-meaning Germans as well as for the detection of any who are or may be engaged in work or utterances against our nation.

THE BURNING QUESTION

Who's who in the matter of getting licenses is now the burning question in which not only the hotel keepers but the "drys" are interested. From the dry standpoint the matter of the sale and consumption of liquor as a chain of man power in time of war is expected to get the consideration of the Court as well as those cases in which specific evidence of violation of the letter and spirit of the Brooks License Law. What point the counsel for the "drys" will raise at the hearing Monday morning is a matter of conjecture but the results will be waited with more than the ordinary interest throughout the county.

THE COMING WEEK

Any resident of Pennsylvania who is not heart and soul with the Nation in the present war is likely to feel his ears tingle during the coming week. The seven days beginning tomorrow will be observed throughout the state as Patriotic Week. The Pennsylvania Committee of Public Safety will be in charge of the "sedition slandering" campaign. Two hundred volunteer speakers will be heard throughout the state in addition to the hundreds of speakers who will be heard in this county at the public schools and in the various public meetings.

CASTING A FLY

Every day it becomes more apparent that Germany is preparing the world for peace overtures. Up until a few months ago she was ready to any of the lines put out by different world powers but seeing the inevitable she is now preparing by slow but sure means to ultimately put out a real peace plan.

All such peace talk should be taken with a grain of salt. Germany may be ready to talk peace although she will not officially admit it. America should not be ready to talk peace. Germany must be well punished for the great damage she has done the world and particularly for the insults directed towards the United States.

SUNDAY AT TRINITY METHODIST CHURCH

Rev. Dr. D. A. Platt, a prominent member of the Erie conference, former district superintendent and delegate to the general conference will preach in the Trinity Methodist Episcopal church Sunday morning. Dr. Platt is in town for a few days as the guest of his daughter Mrs. J. C. Arnold.

The opening of patriotic week will be observed with patriotic features in

the Sunday school. In the evening at 7:30 Captain A. H. Woodward will deliver an address on "The Patriotism that answers our Nation's call."

Visitors and strangers will be cordially welcomed to all the services of the church.

'Tis said that Manager McGraw has a goodly number of his Giants in line for next season, and on real hold-outs among those of his pastime who have not yet signed.

SUNDAY SCHOOL

Lesson 4.—First Quarter, January 27, 1918.

THE INTERNATIONAL SERIES

Text of the Lesson, Mark 2:1-12—Memory Verse, Mark 2:5—Golden Text, Mark 2:10—Commentary Prepared by Rev. D. M. Stearns.

This lesson of the forgiveness of sins is found in Matt. 9 and Luke 5, as well as in Mark. The necessity of the forgiveness of sins is seen in Christ's commission that repentance and remission of sins should be preached in his name among all nations; in Peter's exhortation at Pentecost that they should repent and be baptized in the name of Jesus Christ for the remission of sins, and in Paul's declaration at Antioch that through this Man is preached unto you the forgiveness of sins, and by him all that believe are justified from all things (Luke 24:47; Acts 2:38; 13:38, 39). On the occasion of the incident of our lesson he was teaching in a house in Capernaum, and there were Pharisees and doctors of the law sitting by which were come out of every town of Galilee, and Judea, and Jerusalem; and the power of the Lord was present to heal them (Luke 5:17). The meeting was disturbed by men uncovering the roof to let down through it a man sick of the palsy, lying on a bed, whom four of his friends had brought to Jesus, believing that he would heal him. When they could not reach Jesus with their sick friend because of the multitude about the house, their faith and perseverance took this method of accomplishing their object. The Pharisees and the doctors were probably disturbed by this unusual proceeding, but the Prince of Peace was surely calm as usual. He had been preaching the Word to all who could hear him, opening to them the Scriptures, as was his custom (Luke 24:27, 44), but now he turns to the sick man with the wonderful words, "Son, be of good cheer, thy sins be forgiven thee." He was brought that his body might be healed, and many are thinking more of that even now, than of the forgiveness of their sins, but the healing of the soul is the first and all-important thing. "Ye must be born again" is the essential word for even a Nicodemus, and the new birth includes the forgiveness of sins. When we as sinners plead guilty, and truly receive the Lord Jesus, putting all our trust in his great sacrifice of himself for our sins, believing that his own self bore our sins in his own body on the cross, wounded for our transgressions, bruised for our iniquities, then we can rejoice that we have been made children of God, accepted in the beloved, and in him have redemption, the forgiveness of our sins, with the assurance that they shall never be mentioned to us (Rom. 8:19, 24; Isa. 53:5-6; 1 Peter 2:24; John 1:12; 1 John 2:12; Eph. 1:6, 7; Isa. 43:25). It is written that Jesus saw their faith (vs. 5), which may have included the faith of the sick man, but we know from the story of the Roman centurion, the Syro-Phoenician woman and the Capernaum nobleman that our faith can bring blessing to others (Matt. 8:13; 15:28; John 4:50). Nothing seems to please our Lord like great faith, a simple childlike confidence in him, just taking him at his word and counting on him to do as he has said; and without faith it is impossible to please him (Heb. 11:6), yet how often he had to say to his disciples, "O ye of little faith" (Matt. 8:26; 9:30; 14:31; 16:8). The Scribes said truly when they said, "Who can forgive sins but God only?" (vs. 7). And if they had added: "This man must be God, they would have reasoned correctly, but seeing him only as a man they accused him of blasphemy. No mortal man can forgive sins, whether he be priest, or bishop, or archbishop, or pope, but the humblest believer is authorized to lead a sinner to Christ and show him in the Word the way of forgiveness, and the Spirit by his Word will give assurance of forgiveness to every true penitent.

Jesus perceives all our reasonings (vs. 8) and knows every thought of our hearts and by his Spirit and his Word will cast down all reasonings and bring all our thoughts into subjection to himself (Ezek. 11:5; Ps. 139:1-4; 1 Cor. 10:4, 5, margin). Having given the man forgiveness of his sins, and health of soul, he also gave him health for his body, and he went forth before them all carrying that which had carried him, and his four friends, as well as himself, must have been filled with joy. Such faith as theirs is never disappointed. The same great sacrifice of Christ, by which we obtain forgiveness of our sins, assures to us at the resurrection of the just a perfect body just like his glorified body (Phil. 3:20, 21; 1 John 3:1, 2). Between our salvation and that bright morning of his coming again he will see to it that these mortal bodies shall have all the health that will glorify him provided that we are fully yielded to him, a living sacrifice, ever ready all for him, determined that he shall be magnified in these bodies whether by life or death (Rom. 12:1, 2; Phil. 1:20). Those who witnessed this miracle glorified God, saying, "We never saw it on this fashion" (vs. 12), or, "We have seen strange things to-day" (Luke 5:26). There are so many pained or paralyzed people in all the churches, whose feet and hands, and tongues refuse to glorify God by word or deed.

The Bethlehem soccer team seems to have unearthed a genuine star in Rutigan, their center forward who hails from St. Louis.

Harry Devine and Tom Brown, DuBois men who yesterday testified that they "found" a bottle of whiskey that they represented as being purchased at a DuBois hotel after closing hours on Wednesday night and gave to Rev. J. C. A. Borland of DuBois, as "material evidence" against the license applications, and then took \$10 more to furnish more like evidence, are to be made the defendants in criminal charges of false pretense, according to statements from authorities of the Dry Federation here today.

Dr. Borland was looking for Devine, to whom the money was given, when the DuBois train arrived here this morning, but was disappointed when the 18 year old youth did not appear.

The "double crossing" of the minister in the subject of his testimony in the license court conversation, and it is the consensus of opinion here that a scheme to "work" Rev. Borland was perpetrated by persons planting the quart of whiskey at the rear of the Keystone House, where it could be found easily. It is said that the bottle turned over to Dr. Borland had been partially consumed when it was delivered, also that the labels and all other marks that might have been incriminating, had been removed.

MEETINGS AT EAST END

The meeting held last night at the U. B. Church was largely attended and a fine sermon was preached by Rev. Collins. There were still more confessions.

There will be no service tonight, but there will be a meeting tomorrow (Sunday) afternoon at 3 o'clock, to which everyone is especially invited.

The night service will be held at the Eleventh Street M. E. Church and will also be held there each night during the week.

RECEIVED ROYAL ARCANUM INSURANCE

Andrew Barwick, treasurer of the local chapter of the Royal Arcanum, handed Mrs. Ella Bloom on Wednesday last a check for \$150.00, being the amount for insurance held by her husband, he last A. M. Bloom, of Pennsylvania, in that stable fraternal insurance organization. Treasurer Barwick has paid out over \$30,000 to the families of members of this chapter since its organization.

POLITICAL ANNOUNCEMENTS

We are authorized to announce the name of Dr. Jonathan Carrier of Grampian, Pa., as a candidate for the office of congressman to represent the 21st Congressional district composed of Clearfield, Centre, Cameron and McKean counties. Subject to the rules of the Republican party. Primary May 21, 1918.

DOCTOR BORLAND TO PROSECUTE DOUBLE CROSSING WITNESS

Harry Devine and Tom Brown, DuBois men who yesterday testified that they "found" a bottle of whiskey that they represented as being purchased at a DuBois hotel after closing hours on Wednesday night and gave to Rev. J. C. A. Borland of DuBois, as "material evidence" against the license applications, and then took \$10 more to furnish more like evidence, are to be made the defendants in criminal charges of false pretense, according to statements from authorities of the Dry Federation here today.

Dr. Borland was looking for Devine, to whom the money was given, when the DuBois train arrived here this morning, but was disappointed when the 18 year old youth did not appear.

The "double crossing" of the minister in the subject of his testimony in the license court conversation, and it is the consensus of opinion here that a scheme to "work" Rev. Borland was perpetrated by persons planting the quart of whiskey at the rear of the Keystone House, where it could be found easily. Andrew Barwick, treasurer of the local chapter of the Royal Arcanum, handed Mrs. Ella Bloom on Wednesday last a check for \$150.00, being the amount for insurance held by her husband, he last A. M. Bloom, of Pennsylvania, in that stable fraternal insurance organization. Treasurer Barwick has paid out over \$30,000 to the families of members of this chapter since its organization.

BLOOM TOWNSHIP WOMAN DIES

Lydia Mae, wife of Samuel Leonard of Bloom township, died at the home of her sister, Mrs. Thomas McKendrick, in Grampian, on Friday, Jan. 25th, at 1 o'clock, aged 44 years.

She is survived by her husband and nine children, the youngest of which is a baby nine days old.

Funeral announcement later.

LETTERS FROM OUR ONLY SOLDIER BOYS

Camp Dix, N. J.

Dear Uncle:
This Wednesday evening I will endeavor to answer your letter which I received yesterday. Believe me when the mail is called out and your name is not called you feel somewhat disappointed but fortunately I have been rather lucky. I get my share of it. The weather here is very cold. We had a heavy snow last Tuesday but it does not stop the recruits from work. We have been rather lucky since we are here, we get all the heavy and dry work. The drafted men get the drilling. The recruits are not supposed to be drilled in a National army camp.

We still look forward to being moved soon. Just heard today that we will move in a few days.

I received a letter from Miss Ella C. Shaw, secretary of the Red Cross saying that she sent seven sweaters and as many "comfort kits" for the Clearfield county boys at Battery D, 308 P. A., Camp Dix.

The manager of the Pennsylvania Division of the Red Cross has insistently urged that direct shipments by chapters be made to officers or men at the camps be discontinued and that distribution be made through the division headquarters.

The sweaters and kit were sent to division headquarters at Philadelphia with the request that one of each be delivered to each of us at Camp Dix but we have not yet received them.

The Y. M. C. A. and K. of C. have been closed since the camp is under quarantine.

I think army life is very healthful. I eat about ten times more than I ever did before. When I get big and fat I will send you one of my pictures. You will notice my little mustache. Gen. Joffre for fair.

I wish you could be here a couple days. I imagine it would be very interesting for an editor. I will try and get the "Camp Dix Times" and mail you one.

I guess you are right when you say Flying Artillery because everything we do we do it "flying."

Yes, Uncle, they have taken the names of all those who can speak French. I had no idea what it was for until I received your letter.

We had a lecture at the Y. M. C. A. a couple weeks ago by an officer who served some time in France. He was a wonderful speaker. If he told the truth I pity the poor soldiers over there.

News is rather scarce so we will have to close for this time. So long. Your nephew
L. N. ROUGEUX
France, Dec. 25, 1917

Dear Mother:
Our first and only Xmas I hope to be spent in France is nearly over. So far it has been quite a merry one for us all. We had a fine turkey dinner with almost everything that goes with it. The one thing I missed most was the cranberries but I surely enjoyed everything we had and we all had plenty of it. The Y. M. C. A. made us a present of a piano and a Victrola so we had plenty of music. We also keep the Victrola so it will be a good change for the blues, something which I seldom get. The old Bill also made us a present of a number of useful articles also a few toys. We are all playing like a bunch of kids. But it is the last Christmas we will ever have to spend on this side of the Atlantic.

We are having some real winter over here at present. It has got quite cold and windy but it can't last forever and we all can stand it for awhile. One thing which we all can be thankful for is the fact that we are well clothed and fed.

Well mother dear I must close for the present and will write soon again. Take good care of yourself and don't worry, please.

Hoping you all had a merry Xmas and wishing you a happy new year and best wishes. With love to all.
LESLIE
Somewhere in France
December 30th, 1917

Dear Mother:
Just a few lines to let you know that I am well. I got your letter and was so glad to hear from you. I received my Christmas box. T. gloves and wristlets came in very handy. I am very thankful to the Red Cross for the sweater and socks. We had a good Christmas dinner but I did not enjoy it quite as well as I would at home.

It is pretty cold here. I do not think this is a very sunny France. It is more of a muddy France.

Tell Warren to give my love to the No. 2 fire boys. Now I must close as it is getting late. Hope to hear from you soon.

Love to all
RALPH W. DENAP

The publisher golf tournament at Princeton this year was not attended by so many prominent players as in former years.

ONLY FOODSTUFFS CAN BE SOLD UP TO NOON MONDAY

Camp Dix, N. J.

All grocery and other food and provision stores in Clearfield and Clearfield county will have to close at noon Monday from January 28th until March 25th, according to the order contained in the following which County Food Dictator John F. Short received from State Food Dictator Heinz Thursday afternoon.

The order to close at noon was held not to apply on Monday last and the stores remained open, but all will close at noon hereafter.

The telegram from Mr. Heinz follows:

Philadelphia, Pa.

Just received the following wire from Washington: "It is agreed by the Food and Fuel Administrations that all wholesale and retail stores dealing in foods should close at noon Mondays from January 28th to March 25th from Patriotic motives except where the closing will interfere with the sufficient distribution of food for the immediate needs of the communities necessary for remaining open and heated to be determined by Local Food Administrator who shall notify Local Fuel Administrator."

HEINZ

MUST SELL NOTHING BUT FUEL

Camp Dix, N. J.

Food Dictator John F. Short received the following telegram yesterday afternoon from State Food Dictator Heinz. The information therein contained is of interest generally concerning Mondays' closing therefore we publish same.

Washington, D. C., Jan. 25, 1918.

John F. Short, Clearfield, Pa.:

It has been decided by the fuel administration that when grocers, both wholesale and retail, are exempt from closing on Monday morning they are prohibited from selling everything except food and fuel.

Signed,
HEINZ.

FARMERS CAN GET A SUPPLY OF NITRATE

Notice has been given to A. T. Kearney, agricultural agent for Clearfield county that the U. S. department of agriculture will sell at cost a supply of Nitrate of Soda to farmers in Clearfield county.

The Nitrate was purchased through the war industries board under the authority of the food control act as a part of the program for stimulating agricultural production. It will be unloaded at Atlantic ports and the price will be \$75.50 a ton, F. O. B. cars at port of arrival. Farmers are to pay in addition freight from port of arrival and state fertilizer tag fee, which will make the price delivered to Clearfield county points about \$80 per ton.

How to Obtain Nitrate
Applications for part of the 100,000 tons of Nitrate bought by the government will be received only from actual farmers for use on their land and may be made through County Agent A. T. Kearney, Clearfield, Pa., or through any member of the local committee consisting of B. J. McCright, DuBois, Pa., W. B. Clark, Mahaffey, Pa., Anthony Hill, Curwensville, Pa.

No money will be required with the application but upon notice from the County Agent farmers who have signed application, must deposit with a local bank, association or individual designated by the secretary of agriculture to act as the farmer's agent for that purpose, money to cover the cost of fertilizer, except the freight charges. After the money is transmitted to Washington the Nitrate will be shipped to the farmers. If applications for Nitrate exceed the supply of about 100,000 tons the government will allot the supply on a pro rata basis among those who apply. Applications must be received by February 4th.

CLEARFIELD BOY MARRIED

Ernest Francis Turner, son of Mr. and Mrs. W. A. Turner of this city and Miss Marguerite Connelly were united in marriage Tuesday morning at nine o'clock in the St. Peter's and Pauls church at Tonawanda, N. Y., by Father J. J. Lee.

They will make their home in Syracuse, where Mr. Turner holds a responsible position with the International Time Recording Co.

INVITATIONS ISSUED

Invitations have been issued to the marriage of Miss Elsie Gearhart daughter of Mr. and Mrs. William Gearhart, of DuBois to Mr. John Linton of Patton, Thursday morning, February the fourteenth at a quarter of twelve.

Miss Gearhart is the niece of Mrs. Frank Row and Mrs. Frank Harris of this place.

Send Your Soldier Whitman's

The boys in the camps crave good candy. They can get the ordinary kind but the sort they have been accustomed to getting—the WHITMAN kind—is hard to get.

You'll make your soldier happy if you'll send him one of these boxes, either the Sampler or the Service box.

Why not try it tonight?

STEWART'S DRUG STORE

Gossip for Tonight's Tea Table

EDW. WARD FOUND FROZEN IN MINE

Edward Ward aged 35 years, whose home is in Clearfield, was found frozen to death in an abandoned mine owned by Frank Trubidy at Moshannon, last Friday. The discovery of the body was made by W. S. Budinger, of Snow Shoe, who had gone to the place in search of old bank cars.

Mr. Budinger had penetrated the opening of the mine as far as the first inside drift when he came across Ward's body. It was frozen stiff. It is presumed that the unfortunate man had been dead since the previous Monday night. It is said that on Monday he was on his way to Moshannon to see his brother, Thomas Ward, who resides at that place. He had come in on a New York Central train and got off at Gilettown, intending to walk to the home of his brother. Evidently feeling himself being overcome by the extreme cold he sought shelter in the mouth of the old mine and fell asleep. Although well known in Moshannon he had not been around that vicinity for some time. In his pocket was found a time-book, the last entry having been made January 5th, when he worked 11 hours. The book, however gave no evidence of where he had been employed.

The body was removed to Conner's morgue and prepared for burial. The funeral was held on Sunday and interment was made in St. Mary's Catholic church cemetery at Snow Shoe.

Deceased was unmarried and was the son of Hugh Ward, of Clearfield. Besides his father, he is survived by the following brothers and sisters: Thomas, of Moshannon; Miles, Mrs. Frank Mosebarger, Misses Ella and Sadie all of Clearfield; Lydia, wife of Roy Spangler, Mary, wife of Charles List, and Bridget, wife of John List, all of Frugality.—Center Democrat.

NOTICE OF APPLICATION FOR AN AMENDMENT OF CHARTER

In the Court of Common Pleas of Clearfield County, Pa.

No. February Term, 1918

Notice is hereby given that application has been made to the Court aforesaid for an amendment of the Charter of Trinity Methodist Episcopal church of Clearfield, Pa., and said application has been presented to the Court aforesaid and approved and is now on file in the Prothonotary's office in and for said county, for the inspection of all persons having any interest therein; that a final hearing in reference to said amendments will be held by the said Court on Monday, the 18th day of February, A. D. 1918, at ten o'clock A. M. at which time a decree will be made by the said Court in accordance with the facts and law relative to the application aforesaid. The character of said amendments is a change of qualifications of electors to the office of Trustees of the church so as to make such qualifications membership in the church for one year and the age of twenty-one years and also to change the qualifications of Trustees so as to make the same membership in the church for one year and the age of twenty-one years.

A. H. WOODWARD, Solicitor

IF BAGKACHY OR KIDNEYS BOTHER

Eat Less Meat also Take Glass of Salts Before Eating Breakfast

Uric acid in men excites the kidneys they become inflamed, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated and you may be obliged to urinate two or three times during the night. When the kidneys stop you must help them flush out the body's wastes or you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Take less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delicious effervescent drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

NOTICE OF APPLICATION FOR CHARTER

Notice is hereby given that an application will be made to the Governor of the State of Pennsylvania on the 18th day of February, 1918, by Edwin Goodwin, Robert H. Somerville, W. E. Peterson and Stephen C. Mathewson under the Act of Assembly of the Commonwealth of Pennsylvania entitled "An Act to provide for the incorporation and regulation of certain corporations," approved April 28, 1871, and the supplements thereto, for the charter of an intended corporation to be called the Goodwin Mining Company, the character and object of which is the mining, producing, transporting and selling of coal rights necessary in conducting said business, and for those purposes to have, possess and enjoy all the rights, benefits and privileges of the said Act of Assembly and its supplements.

A. H. WOODWARD, Solicitor

PAIGE

The Most Beautiful Car in America

EFFICIENCY is the watchword of today. The Nation's business must go forward swiftly and surely. The conservation of Time, Health and Energy is quite as important as the conservation of food stuffs and other national resources.

If you are a business or professional man, a Paige Linwood "Six-30" will enable you to multiply your usefulness. It will carry you to and from your office—it will enable you to keep appointments on the minute—it will make you independent of mile posts, congested trolley cars and unhealthy "waiting rooms."

A "Linwood" will perform all of these tasks eagerly and unflinching. You will find it as necessary, and quite as dependable, as the telephone.

All Prices f.o.b. Detroit.

What Can We Do?

Trained nurses are urged by the Red Cross to enroll for service in European hospitals. Nurses who can leave this country at any time, for foreign service, are needed or will be, and it is very necessary that they should enroll at once.

The woman's bureau of the Red Cross has published a leaflet which may be had by applying at any chapter, describing layettes for French or Belgian mothers who may need them. With regard to these simple outfits of warm baby clothes the Red Cross has issued the following:

"The articles and garments in the layette have been chosen upon the advice of the woman's bureau representatives who have returned from a two months' investigation of allied needs in France. The Red Cross is anxious that these baby clothes be made by women working at home instead of in the chapter workrooms.

"The garments are very simple. Great emphasis is laid on the purchase of extremely durable materials, since owing to the coal shortage in France, hot water is available in most villages only twice a week, while the greater part of the laundry work is done in icy streams. The method of cleansing is by pounding with stones. Warm baby clothes will save many a child who otherwise might perish this year.

"The layette will, if necessary, serve also for civilian relief here in America.

"Patterns described in the leaflet can be obtained at Red Cross chapters, and at practically every retail dry goods store with a pattern counter. The outfit calls for:

"Two daisy-cloth or outing flannel dresses, one flannel or knitted or crocheted jacket, three bleached muslin jackets, three thin white flannel brassieres, one flannel or daisy-cloth hood, two pairs of hooties, two sweat daisy-cloth or woolen blankets, three flannel binders, twelve diapers, three undershirts, one bonnet and a bag filled with sundries for the little newcomer into a warring world. Wherever possible the Red Cross urges that the layette be completed before it is turned over to the chapters for shipping. Where this is not possible, single articles will be acceptable.

"Members of the Junior Red Cross little girls in the grammar grade sewing classes, have offered to help with the baby clothes; and many women in rural districts will find these simple contributions to the winning of the great war and the comforting of French motherhood, easier to make than cutting hospital garments for men or struggling with the wool scarcity when they have volunteered to knit."

Johnny Griffiths, the Akron boxer, is to try his hand at refereeing, having been a licensee by the Akron boxing commission.

CLEARFIELD COUNTY CORN WINS PRIZE

In competition with over 200 exhibits from all parts of Pennsylvania, six 10-car exhibits of corn grown in Clearfield county and shown at the State Farm Products show at Harrisburg, were successful in winning the following prizes:

1st prize, White Cap Yellow Dent won by G. J. Dale, Morrisdale.

2nd prize, Yellow Dent won by G. A. Faudie, Luthersburg.

4th prize, White Cap Yellow Dent won by John Leis, Helvetia.

The above record is especially gratifying in view of the great damage caused by the early frosts.

DIG OUT YOUR FIRE PLUGS

When the firemen reached the fire plug at the corner of Market and Fifth streets yesterday morning with their hose they found it necessary to put in a drift to get to the fire plug and after they had located the plug had to cut a room in off the main heading to get at the hoe connection on the plug. Fortunately it was not necessary to turn on the water but had it been a few precious minutes were lost at a time when minutes mean dollars.

Many of the water plugs about town are covered by snow banks and the property owner in the vicinity of a plug should make it his business to see that the plug in front of his home is kept free from snow. It doesn't mean much effort but it will be of immense advantage in case the fire and visits your neighborhood.

Don't put it off, dig that plug out NOW!

PATRIOTIC MEETING OF WOODLAND

Members of P. O. S. of A. are requested to meet at their hall at 7 o'clock Sunday evening, January 27th to attend services at the U. B. church.
